Important Registration Information

There are still a number of players who have not completed their registration information and paid fees. **All paperwork needs to be completed and payments paid before players can play.**

To assist the committee in processing this information players are encouraged to do this online. Players completing their own registration information online cuts down the time it takes to process each registration considerably. So we encourage players to use the online system if they can. The web address is www.myfootballclub.com.au and the instructions are attached

Congratulations!!

Congratulations to Nichols Point player John Roberts who has been selected to represent Victoria in the U13's Victorian side. Well done John!

Bunning's

Thank-you to all those who helped with the Bunning's BBQ on the 24th April. Even though the weather was ordinary we still had a successful fundraising day.

New spectator areas at Soccer Park

Spectators are now required to sit back from the area of play at Soccer Park due to safety reasons. Lines have been marked out to guide spectators as the areas they are now allowed to sit, in most cases this means behind the bollards or close to the bollards. This decision has been made for safety reasons. If you are sitting too close to the area of play you may be asked to move by a club marshal. Please assist marshals by sitting in an appropriate and safe area.

Draws and Results

The draw for each team and weekly results can be assessed through the Football Federation Sunraysia website at:

www.footballfedsun.com.au

Next Committee Meeting.....

**12th May 7:30pm at ABC Training Offices
Eighth St Mildura.**
